

## *Isn't it Time for Jesus as Savior?*

### *Sermon Outline*

Text: Matthew 1:21

#### Introduction

The world needs a Savior – one who intervenes when a situation is out of control. The definition of save is to rescue or preserve. The results of sin are all around us. Jesus came to deliver us from the destruction of our own way. As Savior:

#### Message

1. He loves the lost.
  - a. He seeks them out (Luke 19:1-10)
  - b. He rejoices over their repentance (Luke 15:7,10,32)
  - c. He weeps over their hardness (Luke 19:41-44)
2. He lifts the fallen.
  - a. He offers pardon (John 8:10,11)
  - b. He offers peace (Luke 7:44-50)
  - c. He offers promise for the future (John 21:15-19)
3. He liberates the captive.
  - a. He commands demons to go (Luke 4:33-36)
  - b. He takes control over infirmity (Luke 13:11-13,16)
  - c. He conquers death (Luke 8:49-55)

#### Conclusion

“What must I do to be saved? Believe on the lord Jesus Christ” (Acts 16:30,31). To believe means to enter a relationship based on truth – to give yourself entirely to Him in faith. Go His way. Take His hand. Now is the time (2 Corinthians 6:2; Hebrews 3:15).
