Therefore, Education department reports published prior to 1986 may conflict with the statistics in this report.

\* Denotes percent between -.1 and +.1.

Region totals listed above are based on current region boundaries, which changed in 1995. Data previously published for regions will not match except for the Gulf, North Central, and Northwest regions.

1. Race is estimated from ethnic group. For example, the Black race includes the Black, Ethiopian/Falasha, Guyanese, Haitian, and Jamaican ethnic groups.
2. The ethnic group is based on the majority (51% or more) of the congregation.
3. Hispanics may be of any race, but in this report they are listed as a separate category.
4. NOTE: Percentages may not total 100.0 due to rounding.
5. "Avg Attend per Church" represents an ESTIMATE of the average Sunday morning worship attendance of ALL people (not just the major ethnic group) in churches of that particular category. For example, an average of 30 for the black ethnic group means there is an average of 30 persons attending per church, not necessarily 30 black persons.
6. A table of race and ethnic groups follows.
