

Guide to Prayer Regarding the Worldwide AIDS Crisis

- Pray that the Christians around the globe would capture a vision for ministry to those suffering from HIV/AIDS and address issues of HIV prevention in their churches and homes.
- Pray that churches and Christians will capture a vision for contributing to and praying for ministries that reach out to those suffering from HIV/AIDS.
- Pray that Christians would display the compassion of Christ as they respond to those infected with HIV.
- Pray that governments around the globe will be moved with compassion for those who are living with HIV infection and be willing to allocate resources to help meet their needs.
- Pray that people who are at risk for HIV infection will understand their risks and take measures to prevent such infection. (Some people are innocently infected through the actions of others, but many people become infected through sexual encounters and IV drug usage.)

- Pray that God would be close to those who are infected, comforting them with His presence and providing for their physical, emotional and spiritual needs.
- Pray that the Christians would be faithful to present the message of the gospel to all those in need, even when the lifestyle choices of the spiritually needy do not conform to Christian beliefs
- Pray that not one person with HIV/AIDS would pass into eternity without being presented with an opportunity to accept Jesus Christ as Lord and Savior.
